O. M. FARRINGTON TO SPEAK HERE ON WEED TAX ISSUE

State Head of Agricultural Conservation Program Speaks March 27

TO ADDRESS FARMERS AT THE COURT HOUSE

An event of outstanding interest to Calloway county growers was announced today when County Agent J. T. Cochran revealed that he had succeeded in getting O. M. Farrington, of the University of Kentucky, state administrator for the Agriculture Conservation Program to speak to Calloway county farmers at the court house, Saturday, March 27, on the tobacco tax. The talk will begin promptly at 1 p. m. because Farrington must return to Lexington that same day.

Local opinion has been that any tobacco tax passed by the Kentucky legislature will be detrimental to the interests of local weed growers. Farrington will attempt to explain the state compact bill and how it will affect the producers if it is passed.

T. J. NIX, FORMER MERCHANT, IS DEAD

Highly-Respected Citizen Passed Away Friday From Infirmit

Thomas J. Nix, past 84 years old, retired Calloway county merchant, passed away last Friday morning at the home of his daughter, Mrs. Esie Johnson, with whom he had made his home many years of the infirmities of age.

Mr. Nix engaged in the general merchandise business at Penny many years ago, later moving to Hazel where he was in business until his retirement about five years ago. Since that time he had resided with Mr. and Mrs. Johnson.

Mr. Nix was 84 years and 10 months old and spent his life almost entirely in Calloway county. The greater part of his active life being spent at Coldwater, engaged in the general merchandise business. Those who have done business with him or who have contacted him as a friend should remember him as an honest, dependable citizen, a heritage to his descendants worthy of emulation.

Mr. Nix and his brothers and sisters, who are all now deceased, have contributed much to the stability of the citizenry of this section. They are the late Myers Nix, Dallas Nix, S. S. Nix, Mrs. George Holland, Mrs. John Holland, and Mrs. Ed Terry.

On June 15, 1879, Mr. Nix was married to Miss May Terry, who died 37 years ago leaving to him three small children. The children all survive him except Lola who died in infancy.

Surviving him are four other daughters, Mrs. A. T. Crawford, Princeton; Mrs. B. L. Ray, this county; Mrs. Mary Swor, Tulsa, Oklahoma; and Mrs. J. A. McKelton, Shreveport, Louisiana; and son, Connie Nix, Cincinnati.

Though he never joined the church, Mr. Nix professed a preference for the Primitive Baptist church. He was a man of sterling honor and integrity, highly regarded and respected by all who knew him.

Funeral services were conducted from the Church of Christ Home Saturday afternoon at 2:30 o'clock by the Rev. D. W. Billington, assisted by the Rev. Cordis Workman, of Princeton. Burial was in the Old Harmony cemetery.

HRS Supervisors Visit Calloway Co.

Paul T. Harris, Madisonville district supervisor of the state Historical Record Survey, and R. L. Hofelman, Louisville, state supervisor, were in Murray Monday and Tuesday checking the progress of the survey in Calloway county.

Mrs. Winnie C. McCuiston is making the survey in Murray. She has finished with the county clerk's office and the circuit clerk's office and is now in the county court office. Bound copies of the survey will become part of the court records at the completion of the survey. Disposal of the results of the survey are still unknown, according to Mrs. McCuiston.

\$1750 Traded for \$1

That virtue was its own reward was learned by Miss Gertrude Wright, waitress at the Day-Nite Lunch Monday night when she found a billfold beneath a table that had shortly before been occupied by two men.

Miss Wright happened across the billfold. She was informed that the wallet contained \$1750.

Miss Wright received one dollar and a "check" for her honesty.

HARDIN MORRIS CALLED BY DEATH

Was Son of Daniel Morris and Member of Leading Family of County

Hardin Morris, one of Murray's best known citizens, died Sunday morning at the clinic-hospital of complications following a brief illness. Mr. Morris, who was 61 years old, had not been in good health for the past several years.

Mr. Morris was the son of the late Daniel Morris and a member of one of the county's most prominent families. He was born and reared in the northeast section of the county near Hico and had made his home in Murray since manhood.

Surviving him are his widow, Mrs. Mavis Morris, one daughter, Margaret, and a brother, M. T. Morris. The only other near surviving relative is Mrs. Mattie Holland, an aunt.

A large crowd attended the funeral services which were conducted from the First Baptist Church Tuesday afternoon from two o'clock by the Rev. Sam P. Martin and the Rev. J. H. Thurman. Burial was in the city cemetery.

The pallbearers were Prentice Lassiter, Shelby Davis, Bryan Tolley, George Hart, Merlin Washer, Robert Jones, Jack Kennedy, and A. B. Austin.

IRA FOX TO MAKE RACE FOR SHERIFF OF COUNTY

J. Ira Fox, chief deputy under Sheriff Carl B. King, told The Ledger & Times this week that he would be a candidate for sheriff in the August primary and that his formal announcement would follow later.

Mr. Fox has served as deputy under three other sheriffs, W. A. Patterson, Dee Houston and Clint Drinkard.

Murray Meat Market Making Improvements

The Murray Meat Market is making extensive alterations and improvements this week and next and expects to have its formal opening Saturday of next week, March 27, as Murray's newest complete food market.

Prentice Overby has been added to the company, which was recently reorganized, and W. C. Rowland will also be connected in addition to Earl Douglas and George Steele, who have been operating the meat market.

The meat department has been moved into the rear of the store on Main street between 3rd and 4th, and modern fixtures with a complete line of staple and fancy groceries will be placed in the front. The entire interior has been repainted and attractive modernistic plastering has been added on the walls.

1937 Soils Program Is Still Available

The office of the County Agent for the past two weeks, has been accepting applications for participation in the 1937 Soil Conservation Program. These will be approved by the committee and will be reported on as rapidly as possible. Farmers who participated in the program in 1936 need not file an application this year with the exception of those producers who have changed farms. The County Committee needs to know the new producers on each farm that is to participate in the 1937 program should the producer be different from the one that operated in 1936.

NO COMMODITY DISTRIBUTION

According to Murray WPA authorities there will be no commodity distribution in Calloway county until April 7, 8, and 9. On these three dates recipients of commodities are to call at their regular distribution centers as they have in the past, according to H. C. Doron, commodity supervisor of Calloway county.

ROTC EXPLAINED TO STUDENTS BY RESERVE OFFICER

Col. Caldwell, Louisville, Addresses Students in Chapel Monday

MALE STUDENTS WILL DECIDE ON PROJECT

In vigorous support of the establishment of a Reserve Officers Training Corps at Murray State College, Col. G. D. Caldwell, civic leader of Louisville, Ky., and a World War veteran, heartily endorsed the project before the students and faculty of the college, Monday morning, March 15, in the college auditorium.

"The establishment of ROTC units in our schools is not only necessary to the national defense, but is highly beneficial to the school and to the individual," Colonel Caldwell stated. "While our nation is the richest in the world, it is at present the least defended. In regard to the individual, the training offered by the ROTC is very instrumental in developing confidence, coordination of mind and muscle, discipline, decision, health, and neat personal appearance."

Colonel Caldwell explained the characteristics and purposes of the ROTC, its specific requirements, advantages, duties, etc., in which the students were interested. He gave many colorful examples of the importance which national defense has played in world history.

The speaker was called upon to acquaint the male contingent of the college with the nature of the ROTC, which has been the subject of much discussion among the men students during the past few months. The movement has already been approved by President J. H. Richmond and the board of regents, and application for local unit will be made as soon as a sufficient majority of the students have endorsed it.

President Richmond, who firmly agreed with the views of the speaker on this subject, presided over the program. He introduced Joe T. Lovett, publisher of the Murray Ledger and Times, who in turn presented Colonel Caldwell.

CLINTON DIRECTOR SENT TO MURRAY

Miss Ione Mae Chase Appointed to Replace Snydam at Local Red Cross

The gradual breaking-up of the disaster office of the American Red Cross in Murray was noted this week when H. E. Snydam was recalled from his duties as area director and given the post of purchasing advisory head of the Purchase area. Miss Ione Mae Chase was brought from Clinton to head this area.

Miss Chase is one of the Red Cross' oldest campaigners in disaster work. She took up her duties with that organization in 1917. She has been in Clinton since the opening of that emergency office at the beginning of the flood.

J. H. Thomas, disbursing agent, has returned to Paducah to assume similar duties with the office there. Miss Chase repeats Thomas' request of last week that all persons having bills outstanding against the Red Cross bring them to the office at once so that payment for them may be received.

Bruce Tucker Heads Jackson Publicity Bureau

Bruce Tucker, who has been with the Commercial Appeal for the past year, has recently been sent to Jackson, Tenn., to head the Commercial Publicity Bureau in that city.

This is a nice promotion and the position has much responsibility attached to it.

He has many friends here who are happy to note his success in the field of journalism.

March 4th Monday Earliest Possible

Murray's big annual Trade Day, Fourth Monday in March, comes next Monday, the earliest possible date.

For many years Fourth Monday in March has signified the formal opening of spring in Calloway county, regardless of the weather. It is the biggest Trade Day of the entire year and almost every Calloway county citizen makes it a point to come to Murray on that day.

It has been many years since Fourth Monday fell on the 22nd and it will be a good many more years before it comes this early again.

ALBERT F. WILSON DIES HERE MONDAY

Pneumonia Takes Well-known Retired Farmer, 86, at Daughter's Home

Albert F. Wilson, prominent retired farmer, died Monday of pneumonia at the home of his daughter, Mrs. Jesse Wallis, on South 8th street, following a brief illness. Mr. Wilson, who was past 86 years old, had not been in good health for the past several years. He formerly farmed northwest of Murray but retired a number of years ago on account of his age and health.

Mr. Wilson was a gentleman of the old school, friendly and kind, and sincere and made many friends who join the family in mourning his death.

He is survived by four daughters, all of Murray, Mrs. Lillian Hule, Mrs. Elias Robertson, Mrs. Wallis and Mrs. Claude Farmer and one son, Noble Wilson, of Amarillo, Texas. He was a member of the North Pleasant Grove Cumberland Presbyterian church.

Funeral services were conducted at North Pleasant Grove Sunday afternoon at two-thirty o'clock by the Rev. D. Rudolph, of Paducah. Burial was in the church graveyard.

Ellis To Attend Farm Meet in Washington

Leslie Ellis, chairman of the Agricultural Conservation Program for Calloway county and Calloway's Master Farmer, received a wire from W. G. Finn, assistant director of the East Central Region, as follows:

"A group will meet in Washington Saturday, March 20, to discuss phases of the general Farm Program which related to tobacco. Would like to have you attend this meeting."

Mr. Ellis plans to leave Thursday evening and make this trip to give his services in order to benefit the producers of Calloway county and the remainder of Kentucky as much as possible.

Extradition Waived In Forgery Charge

Loman Holland, Paris, waived extradition Saturday and was returned to Henry county, Tenn., to answer charges of forgery arising from two checks totaling \$10 given to two Paris merchants.

The warrants on the two charges were made out by Magistrate R. H. Compton of the Tennessee county, and sent to Sheriff Carl King to serve. Deputy Sheriff Ira Fox recognized Holland in Murray Saturday afternoon and carried him to jail.

Beamor to Broadcast Over WPAD Sunday

Elder Roy O. Beamor, Paducah, former resident of Murray and Calloway county, will deliver the radio service of WPAD, Paducah, Sunday, March 21, at 2 o'clock. His theme will be "Paducah's Greatest Disaster."

This broadcast is the first broadcast of religious activities since the flood which hampered all activities as well as those broadcasts. Many friends and hearers of Elder Beamor will be glad to learn that these services are to be resumed Sunday afternoon.

Mason Hart Elected Paul's Valley Mayor

Mason Hart, native son of Calloway county, has been elected mayor of Paul's Valley, Oklahoma, it has been learned here.

Mr. Hart, the son of Mrs. Lina Hart, went to Oklahoma several years ago and has been a leader in that progressive city since that time. He has served as superintendent of the county schools and is now engaged in the seed business in Paul's Valley.

Many friends here extend hearty congratulations.

Many subscribers will want to take advantage of Fourth Monday, the year's biggest trade day in Murray, to take advantage of The Ledger & Times big Triple-barreled subscription offer. We will have plenty of help to take care of all those who wish to renew or subscribe on that day.

Rainy days, cold days, warm days, bright days those renewals and new ones are still pouring into our office. When this was written (Tuesday) we had had 14 new subscribers since last week's paper on last Thursday. Considering the tremendous circulation of The Ledger & Times in Calloway county and the limited number of families remaining who do not get the paper, we feel mighty good over such a showing.

Never was there a better time. With each dollar paid on subscription, old or new, the subscriber gets an order good for 35c in trade at some merchant who is eligible. That is a rebate on your subscription with us simply asking that you spend that rebate with some merchant who helps support the paper with his advertising. The Trade Order is accepted by the merchant just the same as cash, any time within 30 days after it is issued and with it you can buy anything that you normally use. A list of mer-

chants upon whom Trade Orders will be the current week is printed on this page.

One copy only of the History of Calloway County is being given ABSOLUTELY FREE to each subscriber during this time. Our supply of these histories is limited and we would suggest that you not delay very much longer if you want to have a copy of the History. These Histories will grow more valuable as time goes on and a quarter of a century hence will be very rare and valuable. No family in Calloway county should be without one. Better hurry!

And, finally, on April 24, The Ledger & Times is going to give away ABSOLUTELY FREE, to someone in Calloway county a beautiful, genuine mahair frize living room suite. This suite, a bona-fide \$750.00 value is on display at the E. S. Disguit & Son Furniture store. Hundreds have already inspected it and admired it and we urge you to do likewise, so that you may see what a fine thing it would be to have in your home.

Come in Fourth Monday or any other time. We'll welcome you and wait on you promptly. Don't wait too long for you don't want to miss your copy of the history.

Peach Crop Partly Killed Parker Says

The peach crop is partly killed, but I think there are enough buds left to make a fair crop if nothing else happens to them.

There are more blank blossoms than I ever saw before. A blank blossom is a blossom that never has a peach in it.

Peach blossoms are thin on the trees, on the account of so much dry weather last fall. Many of the buds died last fall.

FERTILIZER FROM AAA IS AVAILABLE

County Agent Office Says Savings of \$4-5 a Ton Are Possible

The Agricultural Adjustment Administration has made arrangements to make available to farmers of Calloway County 43% superphosphate fertilizer for use on soil conserving crops in 1937 on farms participating in the Soil Conserving Program at the bases of 75c per 100 pounds based on 20% phosphate f.o.b. Sheffield, Alabama. The payment will be withheld from the soil building allowance for the farm and no cash need be involved except for freight. This will mean a saving of \$4.00-\$5.00 a ton on the bases of 20%. Farmers interested in this should contact Secretary of Farm Bureau Miss Margaret Purdon at the office of the County Agent at once that their order may be filed and sent through to Sheffield before the supply is exhausted.

LTVA GROUP PLANS TRIP TO CAPITOL TO EXPEDITE DAM

Dr. Richmond Named Chairman to Succeed Late W. S. Swann

DELEGATION TO BE IN WASHINGTON APRIL 5

In an effort to obtain an increase in the appropriation for the Gilbertsville Dam on the Tennessee River, the Lower Tennessee Valley Association will send a delegation to Washington, D. C. April 5.

Dr. J. H. Richmond, president of Murray State College, was elected acting chairman at a meeting of the LTVA here March 15, to fill the vacancy caused by the death of W. S. Swann in January. Swann's son, W. G. Swann, was appointed on the executive committee. Senator T. O. Turner is president.

The delegation plans to leave Saturday, April 3, and will arrive in Washington for a preliminary conference April 5. On the following day, the delegates expect to have a general conference with Senators Barkley, Logan, McFarland, Buchanan, Norris, and Congressman Gregory, Pearson, Cooper, and others. If possible, the LTVA will arrange for a conference with President Roosevelt. The first meeting will be at the Potomac Hotel in Washington April 5 at 10 a. m.

The executive committee of the LTVA was designated to select the personnel of the delegation and to determine the method of defraying expenses. Each county will defray the expenses of its delegates. All counties sending delegates are asked to notify L. J. Horton, secretary, of the approximate number of persons who will make the trip from the respective counties.

In thanking the organization for honoring him with the chairmanship of the board, Dr. Richmond explained that he would accept the position only with the approval of the board of regents of the college. He pointed out the fact that his first interest was the college.

That he thought the college would be greatly benefited in the promotion of the project in this area.

The executive committee instructed to draw up a report and sympathy of Chairman W. S. Swann. Later in the month the association will propose a second delegation to attend the National and Harbors Congress.

Letters from the TVA, Logan, and Senator Barkley read at the meeting here. Mr. Logan said in part: "You done noble work in your to look after the lower Tennessee and you have succeeded in the plan will go through."

The effectiveness of the TVA flood control agency was shown a letter from Knoxville that during January the Norris stored more than a million an acre-foot of water, still was far from full, and during the critical 15-day period we levees on the lower Ohio river were being held by inches, two completed dams of the TVA proposed nine withheld 32,000 cubic feet of water per second from the flood stricken areas."

Among those present from Murray at the meeting in the National Hotel Monday were: Dr. J. H. Richmond, L. J. Horton, W. G. Swann, Joe T. Lovett, J. D. Sexton, and Senator T. O. Turner.

Bailey P. Wootton To Visit Park Site

Word was received last Thursday by L. J. Horton, secretary of the Murray Chamber of Commerce, that Bailey P. Wootton, director of Kentucky state parks, would visit Murray the week of March 22 to inspect the site of the proposed Nathan B. Stubblefield park.

Wootton will be accompanied by W. B. Ringo, inspector of the national park service for Kentucky, and a number of engineers and architects.

QUAIL SENT TO COUNTY

W. H. Blades, state game and fish commissioner, sent a number of quail to be distributed in the county this week. These quail were sent to this county to aid in replenishing the stock that is being fast killed out by heavy hunters. Former warden John Rudy Ours supervised the placing of the quail on farms and retreats where they can live and multiply unmolested, at least for a time.

47 Uniforms Issued by Stewart for Spring Drill

Coach Will Stress Passing, Kicking and Defense

Forty-seven men have been issued uniforms for spring football training which will start at Murray State College March 15, Coach Roy Stewart said today.

The main reasons for spring training will be to fill the vacancies resulting from graduation, Stewart asserted. "We're going to start at the bottom and work up, stressing fundamentals all the while." Spring practice will last a probable seven weeks, possibly ten.

Lateral passing, pass defense, and kicking will be stressed more this spring than last, Stewart declared, explaining that the first week will be used by the team in conditioning through blocking, passing,

tackling, and receiving punts.

Ten of last year's squad will be lost through graduation, and their absence, in the opinion of Stewart will be felt on the 1937 squad. Good kickers, pass receivers and guards that can keep out of the way of the ball carrier while running interference will probably be the hardest places to fill.

Captain Henderson, Wright, Herndon, Miller, Land, Cook, Tolson, and others will be lost through graduation, Stewart is trying to schedule two or three exhibition games this spring. The 1937 football schedule follows:

Sept. 24, Hardin-Simmons at Abilene, Texas.
October 1 or 2, Tennessee Tech at Murray.
October 8, Ousachita College at Arkadelphia, Ark.
October 15, Middle Tennessee at

Murray.
October 23, Mississippi College at Murray. (HOMECOMING).
October 29, Union University at Dyersburg, Tenn.

November 5, West Tennessee at Murray.
November 12, Morehead at Murray.

November 20, Western at Bowling Green.
November 26, Superior Wisconsin State College at Murray.

Across the River

Here the ground is frozen again after people around here being so smart putting out their gardens. We had also started spring cleaning. There should be a law against women spring cleaning though, for there's nothing so chaotic to a household and always if company is going to drop in they drop just when a deluge of papers, boxes, catalogues and everything else imaginable is being swept down the stairs, or when the curtains are all down, the quilts out on the line, the furniture blocking every

path, and soapy water swirling in every direction. I can think of nothing more exasperating than having to offer to shake hands with a stranger when I have to step off a scaffold from a paper hanging job and put out a grimy, pasty hand, knowing my dust cap is awry, my face streaked and my temper completely ruined.

The men just can't understand why women persist in upsetting the whole routine of things every spring, but I guess the process is just as necessary to us as the old folks used to think "poke sallet" was.

Thanks, for the compliments, all you folks who pretend to enjoy my chatter, but I just have to write when I'm in the mood.

There is never much excitement around here, except for the only things I can talk of are just ordinary, everyday happenings.

Mr. and Mrs. Clyde Spiceland and children, Mrs. Gertrude Spiceland and Mrs. Cornelia Kirks were guests at the fish fry given in my kitchen Thursday in honor of my husband's birthday.

Mrs. Cornelia Kirks went to Cincinnati Saturday via Pan-American to see her husband, R. B. Kirks, who was in the hospital threatened with pneumonia. Chatterbox.

Cochon who was recovering from an appendicitis operation and David Thompson who was ill with mumps.

An intramural basketball tournament was organized on March 8 with 40 players participating. The captains of the teams are G. C. Miller, G. W. Gardner, Wade Graham, James Robert Harding and Kenneth Bailey. The tournament began on March 9 and runs through 12.

Almo High School

Now that the interschool basketball season is over, we are having an intramural tournament. Four captains were chosen and they in turn divided all the boys of the school into four teams. Each is to play all the other teams one time. The two teams having won the largest per cent of their games will play a championship game. A volleyball tournament will be played as soon as this one is over. Softball practice will begin Monday, March 29.

Our debate teams have had 13 debates the past two weeks as follows:

Monday, March 8, Murray Training School (1); Thursday, March 11, Benton (2); won by Almo; Friday, March 12, Hickman (2); no decisions; Monday, March 15, Murray High School (2); no decisions; Tuesday, March 16, Hazel (2); Wednesday, March 17, Benton (2); Thursday, March 18, Heath (2). This brings our total for the season to 24.

The freshman play entitled, "Always in Trouble", has been moved up from March 20 to Saturday night, March 27, because of the illness of one of the cast.

Work on the junior play is to begin soon. The play will be directed by Mr. Wells.

MURRAY PLANS FOR K. E. A. ACTIVITIES IN LOUISVILLE, KY.

College May Close April 14 for Educational Get-together Program

INFORMAL BREAKFAST IS LISTED FOR APRIL 16

"It is likely that dismissal of school for KEA will be after the last class on Wednesday, April 14," announced Miss Alice Keys, secretary to the president. This is the plan that was followed last year, and unless it is given further consideration, it is the one to be used this year.

Although KEA opens with the program on Wednesday night, April 14, the most attractive item of the entire program is the annual Get-together breakfast for the faculty, alumni, students, and friends of Murray State College. This breakfast will be at the Kentucky Hotel at 8 o'clock, Friday morning, April 16. All students and alumni are urged to be present, with guests, if they wish. Requests for plate reservations should be made to Mr. E. H. Smith, head of the extension department. These should be sent in before the meeting if possible, but reservations may be made during KEA at any time up to 9 o'clock, Thursday night, April 15.

This breakfast has become a great occasion in the activities of the college. Last year there were more than 200 who took breakfast. In this group were Governor Chandler and many other prominent persons. Mr. Smith says he is hoping—and expecting—to have at least 300 in the group this year. Headquarters for Murray State College will be the same place that it has been for the last two years, just off the Mezzanine floor of the Brown Hotel.

Training School

In the first meeting of the Student Council of the Training School Tuesday, March 9, they elected Robert Cherry, a student from Little Rock, Ark., president.

Other officers elected were Charles Stamps, vice-president; Virgil Robinson, treasurer; and Miss Rebecca Farmer, secretary.

The Murray Training School debating team, coached by Cecil Gentry, won over the Benton High School at Murray, Tuesday evening, March 9. The subject that was discussed was: Resolved, that public utilities should be government owned and operated. The negative was defended by Marjorie Wall and Charles Stamps of Murray. The affirmative was upheld by William Fiser and C. L. Walton of Benton.

The Murray team has not been defeated thus far. They have met Murray, Hickman, Benton, Lowes and Almo debating teams. Other members of the Murray squad are Leila Ellis and Ann Thompson. The Murray teams were scheduled to debate Hickman at Murray on March 12 and Benton there on March 16.

The Training School basketball team was defeated by the Lynn Grove High School five by a score of 44-14 on March 5 in the district tournament played on Murray High School floor. The losing team was slightly handicapped by the absence of James Lee.

47 Uniforms Issued by Stewart for Spring Drill

Coach Will Stress Passing, Kicking and Defense

Forty-seven men have been issued uniforms for spring football training which will start at Murray State College March 15, Coach Roy Stewart said today.

The main reasons for spring training will be to fill the vacancies resulting from graduation, Stewart asserted. "We're going to start at the bottom and work up, stressing fundamentals all the while." Spring practice will last a probable seven weeks, possibly ten.

Lateral passing, pass defense, and kicking will be stressed more this spring than last, Stewart declared, explaining that the first week will be used by the team in conditioning through blocking, passing,

tackling, and receiving punts. Ten of last year's squad will be lost through graduation, and their absence, in the opinion of Stewart will be felt on the 1937 squad. Good kickers, pass receivers, and guards that can keep out of the way of the ball carrier while running interference will probably be the hardest places to fill.

Captain Henderson, Wright, Herndon, Miller, Land, Cook, Tolson, Gunter, and others will be lost through graduation. Stewart is trying to schedule two or three exhibition games this spring.

The 1937 football schedule follows: Sept. 24, Hardin-Simmons at Abilene, Texas. October 1 or 2, Tennessee Tech at Murray. October 8, Ouachita College at Arkadelphia, Ark. October 15, Middle Tennessee at

Murray. October 23, Mississippi College at Murray, (HOME COMING).

October 29, Union University at Dyersburg, Tenn. November 5, West Tennessee at Murray.

November 12, Morehead at Murray.

November 20, Western at Bowling Green.

November 26, Superior Wisconsin State College at Murray.

Across the River

Here the ground is frozen again after people around here being so smart putting out their gardens. We had also started spring cleaning. There should be a law against women spring cleaning though, for there's nothing so chaotic to a household and always if company is going to drop in they drop just when a deluge of papers, boxes, catalogues and everything else imaginable is being swept down the stairs, or when the curtains are all down, the quilts out on the line, the furniture blocking every

path and soapy water swirling in every direction. I can think of nothing more exasperating than having to offer to shake hands with a stranger when I have to step off a scaffold from a paper hanging job and put out a grimy, pasty hand, knowing my dust cap is awry, my face streaked and my temper completely ruined.

The men just can't understand why women persist in upsetting the whole routine of things every spring, but I guess the process is just as necessary to us as the old folks used to think "poke sallet" was.

Thanks, for the compliments, all you folks who pretend to enjoy my chatter, but I just have to write when I'm in much excitement around here though so the only things I can talk of are just ordinary, everyday happenings.

Mr. and Mrs. Clyde Spiceland and children, Mrs. Gertrude Spiceland and Mrs. Cornelia Kirks were guests at the fish fry given in my kitchen Thursday in honor of my husband's birthday.

Mrs. Cornelia Kirks went to Cincinnati Saturday via Pan American to see her husband, R. B. Kirks, who was in the hospital threatened with pneumonia. Chatterbox.

MURRAY PLANS FOR K. E. A. ACTIVITIES IN LOUISVILLE, KY.

College May Close April 14 for Educational Get-together Program

INFORMAL BREAKFAST IS LISTED FOR APRIL 16

"It is likely that dismissal of school for KEA will be after the last class on Wednesday, April 14," announced Miss Alice Keys, secretary to the president. This is the plan that was followed last year, and unless Charles Stamps, their consideration, it is the one to be used this year.

Although KEA opens with the program on Wednesday night, April 14, the most attractive item of the entire program is the annual Get-together breakfast for the faculty, alumni, students, and friends of Murray State College. This breakfast will be at the Kentucky Hotel at 8 o'clock, Friday morning, April 16. All students and alumni are urged to be present with guests if they wish. Requests for plate reservations should be made to Prof. E. H. Smith, head of the extension department. These should be sent in before the meeting, if possible, but reservations may be made during KEA at any time up to 9 o'clock, Thursday night, April 15.

This breakfast has become a great occasion in the activities of the college. Last year there were more than 200 who took breakfast. In this group were Governor Chandler and many other prominent persons. Mr. Smith says he is hoping—and expecting—to have at least 300 in the group this year. Headquarters for Murray State College will be the same place that it has been for the last two years, just off the mezzanine floor of the Brown Hotel.

Training School

In the first meeting of the Student Council of the Training School Tuesday, March 9, they elected Robert Cherry, a student from Little Rock, Ark., president. Other officers elected were Charles Stamps, vice-president; Virgil Robinson, treasurer; and Miss Rebecca Farmer, secretary.

The Murray Training School debating team, coached by Cecil Gearty, won over the Benton High School at Murray on Tuesday evening, March 9. The subject that was discussed was: Resolved that public utilities should be government owned and operated. The negative was defended by Marjorie Wall and Charles Stamps of Murray. The affirmative was upheld by William Figer and C. L. Walton of Benton.

The Murray team has not been defeated thus far. They have met Murray, Hickman, Benton, Lewis and Almo debating teams. Other members of the Murray squad are Leila Ellis and Ann Thompson. The Murray teams were scheduled to debate Hickman at Murray on March 12 and Benton there on March 16.

The Murray Training School basketball team was defeated by the Lynn Grove High School five by a score of 44-14 on March 5 in the district tournament played on Murray High School floor. The losing team was slightly handicapped by the absence of James Lee

Almo High School

Now that the interschool basketball season is over, we are having an intramural tournament. Four captains were chosen and they in turn divided all the boys of the school into four teams. Each is to play all the other teams one time. The two teams having won the largest per cent of their games will play a championship game. A volleyball tournament will be played as soon as this one is over. Softball practice will begin Monday, March 29.

Our debate teams have had 13 debates the past two weeks as follows:

Monday, March 8, Murray Training School (1); Thursday, March 11, Benton (2); won by Almo; Friday, March 12, Hickman (2) no decisions; Monday, March 15, Murray High School (2), no decisions; Tuesday, March 16, Hazel (2); Wednesday, March 17, Benton (2); Thursday, March 18, Heath (2). This brings our total for the season to 24.

The freshman play entitled, "Always in Trouble", has been moved up from March 20 to Saturday night, March 27, because of the illness of one of the cast.

Work on the junior play is to begin soon. The play will be directed by Mr. Wells.

How This Bank SAFEGUARDS Your Deposits!

The Bank of Murray safeguards your deposits by sound management. We recommend our management only on Merit and Accomplishments. By this our deposits and resources today are the highest in history.

We do not make decisions "according to a formula." We do not think it is good banking. Arbitrary opinions, to our way of thinking, are more than an injustice to the borrower. They are a liability to a bank's stockholders and depositors. For if a banker lets mere rote and rule tell him when to say "No" he can err in the other direction and say "Yes" when he should'nt, too.

The circumstances of no two loans are exactly alike. It takes sound judgment bred by experience and tempered by human understanding to know whether to say "Yes" or "No."

We would like to say "Yes" at all times, for credit is our stock in trade. When we refuse credit it is necessary in the interests of our depositors.

Kirksey High School
By Hilda Johnson, Ruth Hanly, Maurine Rogers and Sue Marline

Our school wishes to express its appreciation for the fine work done by our basketball team this season. In spite of being defeated in the regional finals our team has made a record that no team in the Purchase can match.

In the tournament last week our boys won their first game by defeating Sharpe, Friday night, by a score of 28-24. Saturday morning our boys played an excellent game when they won over the Fulton Bulldogs 56-25. In the finals Saturday night the Eagles were defeated by Pilot Oak by a score of 29-23. Our boys are to be commended for their playing in the game, and for the good sportsmanship in accepting their defeat.

We congratulate Pilot Oak for their playing in the game, and we wish them luck in the State contest.

CAMP MURRAY CHATTERS

Congratulations are in order for Lieutenant Robert E. Hise, Camp Murray's new commander for recent commendations by the district commander, Brig. General Daniel Van Voorhis. The praises of the general are the results of Lieutenant Hise's activities during the flood. This officer was in charge of messing organization at Hickman which served a large concentration of CCC detachments, WPA workers and National Guardsmen during efforts there to prevent levee breaks at this point and Tiptonville, Tenn. Said the General, "Messing was very irregular . . . which forced you to remain on duty for many hours continuously and to get little rest. Under very adverse conditions you performed your duty well and enabled the force of men to perform a work which was most valuable."

Lieutenant William B. Wright, Medical Reserve Corps, reported for duty succeeding Captain Biemer as camp surgeon who recently retired from CCC duty to take post graduate courses in medicine. A native of Burnt House, W. Va., Lieutenant Wright served for five months as camp surgeon of the Owensboro and Hartford camps before coming to Murray. He graduated from the University of Louisiana Medical Center and served his internship at the Char-

ity Hospital, New Orleans, La. In addition to this camp Lieutenant Wright will serve as camp surgeon of the Mayfield and Paducah camps.

The CCC basketball schedule was declared incomplete with no awards. Flood conditions caused the postponement of several games and destroyed so much equipment of contending teams it was decided to close the season. The Greyhounds will close their contests this week in a tournament of independent teams which is being played at Hazel.

The Technical Service and the Camp will be hosts to a project meeting Monday. Soil Conservation Service personnel from camps in the Massac Creek district will have their regular meeting at Camp Murray to discuss technical matters and make a tour of inspection of work of the Murray Camp. Mr. H. H. Lester, project manager, and members of his staff, whose headquarters are in Paducah, are also expected to attend.

Supt. Smith and Foreman Givens, Carlson and Fowler will present papers of technical subjects related to the program.

Coldwater Junior High School

By Robert Carlton
Friday, March 5, marked the end of the term for the elementary grades.

During their semester many of us thought the pupils of the lower grades made too much noise during recess and noon, but believe it or not, we miss it now. Things seem a little too quiet.

A large number of awards were given for perfect attendance and for best grades.

The following pupils of the primary rooms received prizes for the best marks in their grades: Charles Rob Adams, first grade; Robbie Lee Easley, second grade; Rebecca Youngblood, third grade; Edward Carlton, fourth grade.

The following students graduated from the eighth grade: Suda Nell Adams, Pauline Haenline, Climmie Youngblood, Rachel Morgan, Francis Stevens, Jess Armstrong, Ted Youngblood, Howard Marline, Joe Ed Sled, Robert Lee Bazzell.

Suda Nell Adams was honor student of the intermediate grades. We greatly appreciate the way the elementary grades have cooperated with us throughout their semester. Our thanks also go to Miss Jones and Miss Hicks who have aided us in every way possible.

We wish them all the best of luck. The biology class went on a field trip last week in search of specimens. Strange to say, the most interesting thing found was not a member of the plant or animal kingdom, but it was a very large lead bullet, found by Gracie Waldrop.

We have purchased a new softball and bat and are playing with

vim and vigor. The Coldwater 4-H Club met for its second meeting Thursday, March 11. Much interest was shown by the members.

The program for the meeting was omitted due to the more pressing need of information and instructions from County Agent John T. Cochran on project work duties of officers etc.

Climmie Youngblood and Robert Carlton were named as a committee to select a name for the club. Nora Smith was placed on the program committee.

Mrs. Lucile Potts, sponsor of the girls' division, is still confined to her home following an operation but expects to be back this week to meet with the girls.

We are pleased with the selection of Sherwood Potts as the boys' sponsor. Several members were absent due to illness.

The next meeting will be held Thursday, April 8, at 2 p. m.

MURRAY CCC CAMP WILL BE RETAINED

Congressman Gregory Writes M. O. Wreath Post Extended Through September

The Murray CCC camp will be retained this year, Congressman Noble J. Gregory told M. O. Wreath in a letter received here today. Spiking rumors that there was a possibility of moving the camp, Mr. Gregory assured Mr. Wreath that no change will be made in its location.

Mr. Gregory's letter follows: "Information came to me in an indirect manner some weeks ago

that there was a possibility of your CCC camp being removed. If immediately contacted the Head of the ECW, and I am pleased to advise you that I have been given assurance that no change will be made, and that authority has been given for the retention of this camp through the 9th camp period expiring September 30, 1937, and I am quite sure that renewal can be obtained at that time.

"With kindest regards, I am Sincerely yours,

"N. J. Gregory."

The Murray Camp has been recognized as one of the prize camps in the United States and Murray citizens have expressed their desire in numerous occasions that the camp be retained. For the past four of five months, the CCC has been operating a lime quarry and crusher project in the southwest part of the county.

WPA Educators To Meet at Western

A meeting of all supervisors in WPA education work has been called for March 22 and 23 at Western State Teachers College, Bowling Green, according to a letter received by Owen Billington Wednesday.

Problems relating to the sponsors' duties with the various classes conducted by the WPA educators, educational projects, and proposed KEA activities are to be the agenda of the meeting.

Jane Jones Wins Second Prize in Amateur Contest

Jane Jones, young daughter of Mr. and Mrs. T. R. Jones, West Main, won second place in the state amateur and beauty contest held at Glasgow the past week end, the finals being Friday night, March 12.

Miss Jones will get a month's visit to Warm Springs, Ga., some-

time this summer, following the close of school, where she will make screen shows and radio tests. Her expenses will be paid by the All-State Beauty Show Features with home offices at Warm Springs, Ga.

While in Glasgow Jane entertained with a feature number at a banquet before the contest and at the dance given "Miss Kentucky" following the try-outs. She was greatly admired and appreciated for these individual feature numbers at these programs. Talent scouts and press reporters, from Glasgow that saw and heard the contests, were very much impressed with the ease, beauty and grace that the young Murray juvenile displayed in her performance there.

Of special interest to many friends and relatives here is the fact that Miss Jacqueline Ellis, daughter of Dr. and Mrs. Uley Ellis, also won a trip to Warm Springs with a Shirley Temple act. Mrs. Ellis was Miss Hilda White, of Hazel, before her marriage.

PRESBYTERIAN CHURCH
A panorama of life's experience indicates the presence of three types of crosses borne by men. Job, amid his suffering, cried, "Man is born unto trouble as the sparks fly upward." There is certainly much of tragedy and pain and suffering in our world. Some of this is the result of our own sins, we reap what we sow; some is laid upon us from without, unasked and unsought; some we deliberately and voluntarily take upon ourselves—"Three Crosses!" This is to be the theme of the sermon by Bruce B. Maguire at the Presbyterian Church service on Sunday morning at 11 a. m. Following the sermon there will be the sacrament of the Lord's Supper.

Sunday School will meet at 10 a. m. Both of these services will be held in the Court House.

FRED BROWN GIVES VERSION OF FIGHT

Case Continued; Clue to Origin of Fire at Inn Is Given

A continuance of the case until April 5 was granted by Judge E. P. Phillips in county court Tuesday morning to Fred Brown and Jake Bazzell, held on charges arising from the beating of Nat Gibbs in a fight at the "Bloody Bucket" last Monday morning.

Bond for both men was held at \$1000 the sum fixed last week.

Brown and Bazzell were charged with assault with a deadly weapon in a warrant sworn to by Gibbs last Monday morning. Gibbs asserted that Brown and Bazzell had beaten him with a gun and bottles.

Brown told Sheriff Carl King that the gun did not figure in the fight, but that the fight arose over the ownership of the weapon.

Brown accused Gibbs of starting the fight by breaking a large flashlight over his head. He showed four wounds on his scalp to prove his assertion.

"Bazzell" was not implicated in the fight at all," Brown declared. "He was trying to separate Gibbs and me. And I can prove that I didn't start the fight. Several people witnessed its beginning."

"I even tried to stop it once, and shook hands with Gibbs, but as I turned away he struck me again. Then the fight began in earnest."

An indication of the reason for the fire that destroyed the roadhouse was given by Brown when he said that Gibbs had fallen over the coal stove used in the inn, and knocked it over, scattering live coals about the floor.

"But if the time fixed by local officials is true, it didn't start until nearly an hour after Bazzell and I left, Gibbs was on his feet then."

Witnesses to the fight are being subpoenaed to appear in court.

No change, however, is contemplated in the formal charge.

Burdette, McKeel Net Co-Captains

Floyd Burdette, Martin, Tenn., and Ethridge McKeel, Rector, Ark., were elected co-captains of the Murray basketball team for 1938 to a meeting of the varsity men Tuesday morning, March 16, at Murray State College.

Burdette was voted as the most valuable player for the '37 season.

Burdette, a junior, made the All-SIAA second team in '36 and this season took possession of a berth on the first team. High scorer for the past two seasons, "Red" has been an important cog in the machinery that has dropped only two regular games in the same number of years. The ability to fake with the ball has been "Red's" main asset. The way he seemingly throws the ball at someone only to find that he still has possession of it reaches the bizarre at times, and made "Red" McKeel, two-time All-SIAA center from Western, seem slow in comparison to this great star.

McKeel, who pulled the SIAA tournament out of first last season, was selected as All-SIAA this year, following his selection as All-KIAC, and last year's selection as All-SIAA second stringer. His alertness at the pivot post, and his defensive tactics has made Mac one of the most dreaded centers of the South. He was captain of the freshman team in his first year at Murray.

Coach Cutchin announced that the lettermen will be made public soon.

EDWIN THURMOND Managers ED ADAMS

COPELAND NAMED
ATTY. FOR STATEReliably Reported To Be Slated
for Assistant Attorney-
Generalship.

Clay Copeland, of Dexter, one of Calloway county's outstanding young men, was named an attorney in the Unemployment Compensation Commission of the State of Kentucky Thursday of last week by Governor Chandler.

Young Copeland, who is the son

of Mrs. L. A. L. Langston, Dexter postmistress, is a graduate of Murray State College where he was a star member of the debating team and has completed his law work in the University of Kentucky. He was one of the limited number to pass the Kentucky State Bar examination in December. While a student in Murray State College, Clay was a member of The Ledger & Times staff.

It is reliably reported here that Copeland will be appointed to an assistant attorney-generalship when the new attorney-general is appointed to succeed B. M. Vincent,

who was recently elected to Congress. Clay was one of the original supporters of Governor Chandler in Calloway county and introduced the Governor when he made his first speech in this county in the 1935 campaign. Many friends here warmly congratulate him on his richly deserved appointment.

The Quilt to End
All Arguments Is
Brought to Office

Just as the World War was supposed to be the war to end all wars, so is a quilt piece by Mrs. Will J. Doares the quilt to end all quilt arguments. However, if it doesn't, that is, if someone has one with more pieces, they'll have to show it to us.

Mrs. Doares' quilt, a star quilt, contains 40,320 pieces, according to Mrs. Brooks Doares, Farmington Route 2, who sent in the entry.

We happen to be newspapermen and don't know much about the size of quilts, but a large sheet measures 88 by 92 inches. Taking this for the measurement of Mrs. Doares' quilt, we find that each piece is less than one-fifth of one square inch in size, or about as big as your little finger nail.

This quilt was pieced several years ago, according to Mrs. Brooks Doares when Mrs. Will was able to work only when sitting up.

Will this hold the good people of Calloway?
If it doesn't the quilt that beats it had better be brought along with the entry.

McELROY 5-AND-10 STORE
HAS NEW MANAGER

J. E. Young, formerly with the McClelland stores in Memphis, Birmingham, and New Orleans, is now manager of the McElroy store in Murray. Young replaces C. N. Miller, who has been transferred to Somerset.

No changes in personnel or policy are contemplated, Young declared. The store will continue its old policy of giving the most for money within its price range, he announced.

Young is now residing at the New National hotel. Johnson county farmers used 2,109 tons of limestone last year, a check-up reveals.

ALMO WOMAN, 76,
SUCCUMBS TO FLUFuneral Services for Mrs. Lucy
Stone Held Friday From
Flint Baptist Church

Funeral services were held last Friday from the Flint Baptist church for Mrs. Lucy Stone, estimable dowager mother of five sons and two daughters of near Almo. Mrs. Stone, who would have been 77 years old May 6, succumbed to influenza Wednesday afternoon after an illness of two weeks. Burial was held in the Bob Trevathan cemetery.

Mrs. Stone was married twice during her long life. By her first husband, William Linn, she had the seven children who survive her. Long after his death she married John Stone. The surviving children include two daughters, Mrs. Sam Thomason and Miss Liza Linn, and James, Cyrus, and George Linn of Calloway county, Irvin Linn, Benton, and Bob Linn, Detroit.

Mrs. Stone, born Trevathan, also is survived by five brothers, George, Louis, Walter, and Oscar, all of Calloway, and Dr. Lee Trevathan, Bruceton, Tenn., and by two sisters, Mrs. Ed Thomas, Murray, and Mrs. Joe Paschall, Lynn Grove.

Mrs. Stone was identified with the Flint Baptist church from which the services were held with the Rev. Rollins Winchester and Hardy Wilson in charge. Several nephews acted as pallbearers.

Among the out of town relatives who came to Murray for the funeral were Mr. and Mrs. Robert Linn, Detroit, and Henson and Otis Linn, grandsons, Detroit.

The Methodist congregation was composed of Mr. and Mrs. Ed Trevathan, Mrs. Walter Cleaver, Mrs. Annie Hurt, Mr. and Mrs. Marvin Cleaver, and Mr. and Mrs. John Cleaver.

From Paducah came Mr. and Mrs. Huell Trevathan, Mrs. Kimbel Trevathan and children, and Louis Trevathan. From Benton, Mrs. Loman Trevathan, Mrs. Geo. Combs, and Mrs. F. Crawford.

Dr. and Mrs. Lee Trevathan, Bruceton, Tenn., also attended the funeral.

GARDEN STEPPING STONES
EASILY MADE OF CONCRETE

Concrete slabs made to order may be used like flagstone for stepping stones in garden, lawn, or back yard. They may be cast in place, says the Bureau of Agricultural Engineering, or in winter made in the basement and then set where wanted when freezing and thawing weather is over.

These homemade "stones" may be square, oblong, or irregular like natural stones, and may be easily colored—terra cotta, green, or gray. A form for pre-cast slabs, consists of a rectangular frame divided by cross-pieces into squares or oblongs. Plastic clay may be used for frames for irregular shaped blocks.

Large slabs will be too heavy to handle. A slab of concrete 6 by 12 inches weigh 25 pounds, if it is 4 inches thick, as is desirable for use in a path. In laying stepping stones, the holes should be excavated 2 to 4 inches deeper than the thickness of the slab. The extra space is filled with sand, rammed in, for drainage. Sand or loam is used to fill spaces between the stones and the sides of the holes.

Those who cast in place, dig a hole of the desired shape, with vertical sides, put in a sand base, lay the concrete, and trowel it.

HAZEL CANDIDATECandidate-for Magistrate in That
District in Democratic
Primary

J. W. Underwood, one of the best known and most influential farmers in the Hazel Magisterial district makes formal announcement today of his candidacy for the Democratic nomination for justice of the peace in that district.

His many friends declare that Mr. Underwood is qualified in every respect to serve his district and county faithfully and efficiently on the fiscal board of the county. His statement to the voters of that district follows:

I wish to take this method of announcing as a candidate for magistrate of Hazel district. I assure you that I will appreciate the vote and influence of each and every one of you, pledging you, if I am elected, that I will endeavor to give to the district an honest

and fair deal to the fullest extent of my ability, both as a representative on the fiscal court of Calloway county and in seeing that our district receives its share of our road fund and will do my best to see that it is used where it is needed most.

Sincerely yours,
J. W. UNDERWOOD

STATE COPS OPEN
WAR ON '36 TAGSCharley Adams, State Fairman,
Arrests Two Drunken
Drivers Thursday

Charley Adams, who is a member of the state highway police, told The Ledger & Times last week that the officers were instructed to see that all automobile owners had 1937 tags on their cars. The drive on drivers with old licenses opened Monday.

Mr. Adams said that no more than 400 car owners in Calloway county were without the new plates and of these it is suspected that approximately 200 of them never purchased licenses for 1936. After drivers with old plates have been given sufficient warning they will be prosecuted if they fail to take out 37 licenses. Mr. Adams added that it is not permissible to put on plates upside down.

Two drunken drivers were arrested in Trigg county about 2:30 last Thursday morning by Mr. Adams as he was returning home from a duty detail at Bowling Green for the SIAA tournament. They were placed in the Cadiz jail and were tried Friday. State Patrolmen have been instructed to arrest promptly drunken and reckless motorists.

Home Financing Made Easy Under the
F. H. A. Insured Mortgage Plan

National Housing Act

Under the terms of the National Housing Act, insured mortgages have been made available to you. You can now build your own home with the certainty of ACTUAL ownership before you. Today you can build a home that will be yours in 10, 15, or 20 years.

Your Rent Pays for Home

The easiest way for you to pay for a home is to pay for it as you pay rent. The logical way is to pay monthly, out of income, an installment on the principal and the interest, etc., and thus, over a given period of years, pay off the entire mortgage and have the house free of all debt. It's very much like buying a house and then renting it to yourself.

Small Initial Investment

Now you can buy or build a house on exactly that basis. Your initial investment in the property can be as little as 20 per cent of its value. You may borrow the balance (up to 80 per cent of the F. H. A. appraised value but not more than \$16,000) from an approved lending institution, covered by Government insurance, and repay the entire amount on a monthly basis. In most cases if your lot is fully paid for and clear of all encumbrances, the loan you can have will cover all costs of construction, etc.

Long Period Financing

You may take up to 20 years to pay. You may pay in 10 or 15 years, if you like. Each month you pay an installment which not only includes the interest and a part of the principal sum borrowed, but includes also a twelfth part of the annual taxes, mortgage insurance premium, and the fire and other hazard insurance premiums.

What Does It Cost?

Less than the old method of home financing, BECAUSE YOU MAY BORROW UP TO 80 PERCENT OF THE APPRAISED VALUE OF YOUR HOME. That means ONE MORTGAGE, THE END OF REFINANCING PROBLEMS, A FAIR AND GOVERNMENT-CONTROLLED INTEREST RATE AND SERVICE CHARGE.

Come in and see us. You will not be obligated in any way. We can assist you in making the necessary arrangements to properly and adequately finance the home of your choice.

'T'WAS A HARD SPRING
FOR ROADS

WITH the spring rains many roads have become almost impassable from mud, wash-outs, washboards, ruts, bumps and chuck-holes. You see load restriction, warning and detour signs—while repair crews spend the equivalent cost of miles of needed new pavements! . . . But on concrete roads, please notice, there was no spring break-up. Year after year concrete roads can take it—with lowest maintenance. Twelve months a year concrete carries you swiftly, safely, economically, saving gas, tires and car wear every mile you drive.

A Banks Business

Progress and Prosperity in a Bank
Depend upon These Three Functions

Deposits

consist of the sums placed in a bank for safekeeping by individuals and business firms. Savings and checking accounts provide the bulk of these deposits; interest, earned by other bank activities, is paid on savings accounts.

Loans

are the "business" of a bank; the interest paid by the borrower creates the income from which interest on deposits and the expenses of conducting the business are paid. Applications for loans must be carefully considered for the security of funds deposited with the bank.

Service

is represented by checking accounts, safe deposit boxes, commercial loans, exchange and other activities that a bank is able to conduct through its experience and activities.

Kentucky's Highway Problems

The highway building program recently announced by the Highway department contemplates expenditure of \$4,232,706.40 in construction of high type road. Most of this money is to be spent in closing gaps in much traveled federal highways or in reconstructing such roads so as to convert into modern thoroughfares highways that are hazardous and inadequate.

Approximately 700 miles of road on which grade and drain construction has been completed, is to be surfaced. Wisdom of such procedure is obvious. One of the most alarming phases of highway building in Kentucky recently has been the steadily increasing cost of maintenance of the road system. There has been such a considerable portion of roads under maintenance that has been of low type of construction that cost of keeping the entire system in repair has grown from year to year until it has been taking \$6,000,000 to \$7,000,000 a year for maintenance. This is a larger portion of the road fund

than should be required for maintenance.

The highway department is endeavoring through cautious economy to cut down expenditures for maintenance without permitting essential road repairs to be neglected. The maintenance department payroll is running far less than it was two years ago it is pointed out by Commissioner of Highways Robert Humphreys.

But that which will permanently reduce maintenance cost is the sound engineering practice of building greater mileage of high type road as is contemplated in the program for the next fiscal year. Maintenance costs on high type road are so low in comparison with that required to keep low type road in proper repair, that good judgment dictates that it is wise to build better roads, curtail construction of low type mileage.

It is pointed out by Commissioner Humphreys that the main thoroughfares on which much of the high type construction is contemplated, are the principal revenue producing roads. They are the roads which carry heavy volume of traffic, on which much gasoline is consumed and along which a high proportion of the

gasoline tax is collected with which to finance road building.

There is increased justification for giving attention to federal truck lines which traverse the state, because the rural highway program makes available for each county substantial improvement of the country roads. Not until the rural highway program was inaugurated by act of the last legislature, was it possible for the state highway department to help the counties with improvement of secondary roads which had hitherto been dependent solely upon county money for maintenance. So as all things are considered, it becomes apparent that a well balanced, equitable road program has been formulated.

National Defense

Whether we choose it or not, National Defense, like public health, is a problem that every nation must meet and solve according to its abilities, judgment and necessities. And the solution that is reached, be it good or bad, adequate or inadequate, affects every individual in that nation.

With wars and rumors of wars, the attitude that our country shall take is at this time of paramount importance and as college students who are expected to provide the leadership of this country very shortly you are naturally interested in it.

It is the candid opinion of many sound thinking statesmen that had America been adequately prepared twenty years ago she would not have been so contemptuously treated by Germany that she was eventually drawn into the World War and that had she been unable to avoid that conflict many an American boy now sleeping beneath the sod of France would be alive today.

Upon one thing we are agreed and that is that America shall never again send a foreign expeditionary force. Whether we can be invaded remains a question, the answer to which does not lie entirely in our hands. It is told

as an authentic story that prior to the conquest of China by the Tartars a very learned Chinese civil leader determined by a logical calculation that China could not be invaded. Just after he had finished his figures, the flags of his tent were parted by a conquering Tartar chieftain. Unfortunately, the Tartar couldn't read.

"The Good Old Days"

(Carlisle Mercury)

Were the "good old days" really good? Are the summers cooler, or has science and invention made them seem cooler? He who remembers the rasping, ribby cotton stockings, the wide starched collars and black "clay-worsted" suits with which little boys were prepared for the Sabbath torture forty years ago, though he be a most devoted worshipper at the shrine of youth's golden days, be admitted that the lad of today, with linen knickers and shirt open at collar and tennis shoes and socks, has him beaten "four ways for Sunday," so far as comfort is concerned.

And the summers "felt" hotter, no doubt, though the thermometer may maintain its average, year in and year out just, just as it did in the days of the linen duster and the palm-leaf fan.

Says an editorial writer in the Courier-Journal, who must have been dolled up back in the nineties in those ribby stockings and "enamel" shoes, starched shirt, woolen suit, ankle-length "drawers," galleuses "in everything" a Sunday morning:

"Of course, it was hotter, though that may not be admitted by the man who has just come in off the stone and asphalt pavements, where a 90-degree temperature has been reflected back in his face 10 or 12 degrees hotter. But if he turns on his electric fan and takes an ice-cold drink, he may reflect that not so many years back the only way of stirring up a breeze was by vigorously propelling a palm leaf fan."

"And ice? It used to be a pretty scarce article back in the 80's and 90's. Not until the present century did the average home have an ice-box. Food was kept cool down in the cellar or out in the springhouse. Only after winters of heavy freezes, which were not frequent in these parts, was there any ice to be had. This was cut out of ponds and lakes and stored under heaps of sawdust in an ice-house. Artificial refrigeration was unheard of. Today only in Europe, or in the remote backwoods of America, can the iceless summer drink be found."

"No screens kept out the pesky flies at mealtime and the mosquitoes at night, even in 'the gay 90's.' Indeed, beyond being a nuisance, flies were not considered an evil. There was even a blithe nursery rhyme about 'Bee, bee, here's a fly,' which went on to tell how the cute little fellow got his wings of silk all bedraggled in the baby's milk and wondered how he would get dry. If a fly got in the baby's milk today, the whole family would have a 'nervous' fit. In those days, after Aunt 'Cindy' had dinner on the table, like enough one of her children or she herself, in a fresh white cottonade dress and a red bandanna around her head, would swish away the flies with a peach tree bush, while the family ate on the back porch."

"And the insufferable torture of those nights! The boys used to put pennyroyal in their shoes to keep away the fleas, but it didn't work so well for mosquitoes, and one had to sleep under mosquito bar if the pests were numerous. Naturally, there was little ventilation beneath this netting. Reading in the evening was out of the question. Moths and other bugs used to bat the candles out in the day before coal oil lamps, and while the latter were a great improvement and handsome ornaments—especially the hanging lamp in the parlor, with all its timely glass pendants—they only heated

Typical March—baseball weather Friday and snowing Sunday afternoon.

A survey shows country editors throughout the nation are against the President's Supreme Court proposal 3,507 to 1,193. Interpret that if you please.

The Institute of Public Opinion declares 53 per cent of the people of the U. S. A. favor another NRA.

A Blue Eagle like the last one is alright for the cities, perhaps, and the big industries like automobiles and steel. But for town's like Murray we thought it was one whopping failure.

Codes are often like ethics—nice to read, sounding good, but pretty difficult to get people to live up to.

About the only support NRA got out of most small-town people in 1933 was lip-service.

The tournaments are over for another year—except a few independent tournaments that will blossom in the next few weeks. Hazel has one coming up that has proved quite an attraction.

The defeat of Kiersey was a bitter disappointment to the Eagles' many friends. However, they and their supporters took it like men—as a part of the game. Had the Eagles gone to Lexington this week there would have been a big crowd of dads and well-wishers to accompany them and root for them in the big gym at Lexington.

More than 10 per cent of the cattle in Letcher county are being tested for tuberculosis this month. Ohio county farmers have ordered 225,000 high-grade strawberry plants.

New Type Erosion Control Is Urged

If worn-out automobiles and discarded cultivators grew roots, they might control gully erosion. But they do not grow roots.

The practice of dumping tin cans and ancient "jollies" into gullies is one of the oldest type of erosion control and one of the most futile, according to Wallace G. Smith, superintendent of the CCC Camp at Murray. The camp is operated under technical supervision of the Soil Conservation Service.

As a matter of fact, Mr. Smith warns, this practice may even increase soil washing, since heavy rains tend to cut under and around the obstructions unless the gully is completely sealed. He advocates the use of soil-binding vegetation, such as black locust trees or pasture mixtures, as a gully control measure. Properly constructed check dams, usually built of

post, wire, and brush, are sometimes necessary to retard cutting until vegetation is established, Mr. Smith said.

More than 1,000,000 black locust seedlings were set out by the erosion-control camps during the 1936 spring-planting season, Mr. Smith says. Pines also were used extensively, over 6,000 being planted during the period. Seed spots, such as acorns and nuts and miscellaneous hardwoods brought the total trees planted to nearly one and a half million during the season.

Although gully erosion is more noticeable, sheet erosion likewise presents a problem to agriculture in Calloway county area, Mr. Smith says. To control this type of erosion the camp is advocating use of such measures as strip cropping, contour cultivation, reforestation of steep slopes to woodlots or permanent pasture, longer crop rotations, terracing, and pasture improvement by seeding, liming and fertilizing.

Remodel YOUR HOME!

Title 1 of the FHA covers loans under government supervision for Remodeling and Repairing Homes.

It was to expire March 31 this year and now has been extended.

Value Increases More Than Cost . . .

Many people like the location of their present homes but realize that they are now somewhat out of date even though they are not in immediate need of repairing.

You can increase the value of your home as well as make it more comfortable and convenient by Remodeling under Title I of the FHA.

We can make plans to make your home a modern, up-to-date home, and will be glad to go into details and make a complete price. You can pay for it by the month like rent. No mortgage necessary.

Why Not Investigate?

Ask your banker, real-estate agent, or friend for complete details and help you get your FHA loan.

You are paying for modern comforts without getting them in an out-dated home. Insurance pays for itself in saved fire costs and prevention of colds and kindred illnesses. Asbestos Wallboard, Tiling, pay for themselves in saved labor costs in maintenance.

Well, Grasshopper, I think I have your name, although I am afraid to say as you are comparing yourself so small. Please don't fly against me this summer. If you do you will be one to tell the rate of speed I was traveling.

Chatterbox, you get all the praise. I know your name but I don't think you know me—but we are "kindfolks," anyway. I have also seen the Cedar Knob writer.

She lives near Macedonia. I lived near Cedar Knob for 19 years and have carried more buckets of water from that spring than I can count. At one time there was a grove of cedars at that place but now only the spring remains. The "Sweet Pea" writer's grandparents, Flem Maynard and Molly Maynard, who are 81 and 82 years old, respectively, live near the Cedar Knob spring. I haven't guessed you other writers' names as yet. I like to read all of your letters and hope you continue writing. We like The Ledger & Times that is in so many of the homes.

I will go now to return later.

Well, it seems that the quilt subject is on hand every week. So Luby Ned will tell his quilt story. In 1892, when he was teaching school at London, on the last day of school, the girls, as a surprise, had each pieced a square for their teacher and at noon just as he was preparing to ring the bell for books, the girls met him at the door and presented their squares of the quilt all eager to see and hear what he had to say. The only thing about it was a big cry as this was the separation day anyhow. So the next year my mother set the squares together and quilted the quilt and it was a nice one too. The school girls had worked their initials on the squares. This winter was the first time the quilt had been used regularly and that has been 45 years ago and the quilt now looks like a new one. Now, who will be next on hand with a quilt story?

Many of our students have been unable to be at school for the past few weeks because of measles and mumps.

Little Orr, a sophomore, has been out of school because of an appendicitis operation. She is doing nicely and we hope to have her back with us before long.

Two of our seniors, Odine Swann and J. R. Jones have been out with the flu.

The junior play has been selected. They will give "Plain Jane," a three act comedy-drama.

Pupils that have been chosen to represent our school in public speaking are as follows:

Poetry reading, Odine Swann; public discussion, Elmo Tinsley and Jessie Dee Treas; oration, Talmadge Jones; and oral interpretation by Evelyn Lou Lockhart.

The Debate Club has been working hard on their speeches and are planning to meet Murray High, Almo and Faxon affirmative and negative teams next week in practice debates.

How to Have The Home You Want

The primary purpose of the National Housing Act is to provide an opportunity for the American people to have better homes—by freeing bank credit to finance the erection of new homes, to provide for the purchase and financing of existing homes, to refinance existing home mortgages, and to modernize and improve existing homes.

Thus the National Housing Act, through the Federal Housing Administration, answers the most perplexing problems facing those who live in rented homes, and those who desire to build or buy homes, and those who own homes under old-fashioned mortgages that should be refinanced. That problem is securing money for these purposes at lower costs and on better terms than heretofore have been possible.

Easy financing does not necessarily mean only a fair interest rate. It means also the elimination of refinancing problems and renewal charges. It means home ownership—under a simplified system that puts paying for a home almost on the same basis as paying rent. It means making possible for the average man the use of bank credit to finance the modernization, repair, and alteration of homes and a plan for repaying these loans in easy monthly installments.

Here's How 25% More Light at no greater cost to you

Why not stop wasting electric current and enjoy at least 25 per cent more light at night for the same price you now pay, in your home, your store, your office, your shop?

Clean Lamps and Reflectors Often

It is a fairly simple matter to wash or wipe off all lamps and reflectors once a week by cleaning those in one room each day. Our engineers have found by tests that a month's accumulation of dust on an electric lamp reduces the amount of light it gives 25 per cent.

See That Lamp Voltage is Correct

When you buy new lamps, be sure you get those to match the voltage of the current used locally. Ask your local manager about the voltage. Lamps of higher voltage than the current give 15 per cent less light.

Avoid Using Cheap Foreign Lamps

You waste money if you buy foreign-made lamps at a little cheaper price. They shed 20 per cent less light for a given wattage. They burn out in half the time it takes a standard American lamp to run its course.

Better Have Light Colored Rooms

Rooms with light-colored wallpaper or paint on walls and ceiling and light colored curtains, can be properly illuminated with much less electric current than dark-colored rooms.

Special Sale on I. E. S. Lamps

We ordered many lamps for holiday gifts. They were held up in shipment until after Christmas and we now have too many lamps on our floor. Have better illumination and SAVE MONEY.

A PUBLIC SERVICE FOR COMMUNITY, HOME AND INDIVIDUAL

Cedar Knob News

Well, another week has passed and here I am again to be with you all. Each week I thank the editor for allowing me the privilege to write this column and hope I don't worry the editor with my letters.

Clyde Mitchell and Clay Wisheart returned home Thursday from Detroit, Mich.

I never had seen as many cases of measles in my life as I did Wednesday when I visited relatives and friends in Hazel. I only counted 18 cases in the homes I visited.

Tolly Christman is suffering severely from injuries received when a tree fell on him near his home last week.

Mrs. Little Simmons was a dinner guest of Mrs. Viola Elgin of Hazel Wednesday.

Denny Williams returned home Friday from Detroit to spend a few days with relatives and friends of Macedonia.

Mrs. Bettie Herndon assisted Mrs. Viola Elgin in quilting Wednesday afternoon.

Charlie Williams and Johnnie Simmons visited in Hazel Friday.

Mr. and Mrs. Sip Williams were Sunday guests of the former's parents, Mr. and Mrs. Charlie Williams of Hazel Route 2.

Pete Wisheart and daughter, Berline, and Jess Dick were in Murray Saturday.

Mrs. Housden Celebrates 90th Birthday

Friends gathered at the home of Mr. and Mrs. B. C. Lax on Sunday, March 14, in honor of Mrs. Lue Housden who celebrated her 90th birthday.

The honoree was married to J. W. Housden March 24, 1871. To this union nine children were born, two sons, one daughter and her husband have gone on to welcome her to the home over there.

On February 15, 1915, she was left a widow, to go through this lonely world with a grandchild, Kelly, whose mother had died. They lived this lonely life for 12 months after which Mr. and Mrs. Cleve Lax moved into the home.

To "Aunt Lue", a good woman, a friend, and a good neighbor to everyone, I wish for her many more happy birthdays.

She was glad indeed to have friends and relatives with her on that day and appreciated the nice gifts she received.

Those present were: Gleneth Wisheart, Clyde, Clifton, Decey, and Mary Mitchell, Miss Annie Willis, Mr. and Mrs. Johnnie Simmons and children, Pernie Mae, Lucile, and E. H. Mr. and Mrs. Martin Hogue, Basil Moore Hart, Miss Velda Mae Hutson, Miss Eula Burton, Mrs. Eldridge Swift, Mrs. Allie Lamb and children, Hazel, George Odell and James, Miss Mattie Lamb, Mr. and Mrs. Warlick Hutson and son, Joe Max, Mr. and Mrs. Bill Simmons, Grady

Housden, Mr. and Mrs. Eunice Housden and daughter, Shirley, Mr. and Mrs. A. Housden, Mrs. Jessie Simmons, Mr. and Mrs. Dick Simmons, Mr. and Mrs. Cleve Lax and children, Susan, Velma, John and Bettie Jo; Kelly Gull, edge, Mrs. Lue Housden.

If I could like an angel preach And with all wisdom others teach, Yet, if God's love were not in me, All this as sounding brass would be.

The love of God naught takes its place— No gifts nor works, not even faith: The love of God is patient, kind; It envies not, no fault doth find: This love divine seeks not its own: Will bear all things when self is gone.

No evil things, and shows no pride: Cannot rejoice in what is wrong: But in the truth—even though alone.

Yea! love divine will all endure: Hopes and eases what's best and pure.

And love divine shall yet increase: When prophecy and tongues shall cease.

We know and speak in part while here— It will be so till He appears.

Like through a glass we see things here— Then face to face—there He is near.

And how abides faith, hope and love: But greatest of them all is love.

Best wishes to all.—Ky. Bell.

Faxon School News

The first six grades were out last week and we are somewhat lonesome. Some of the high school students have not returned, due to the fact that the school bus did not run this morning. We are very sorry that we are about to lose one of the members of our very small junior class, Marelle Terry is to go to her parents in Detroit within the next few days.

The Sigma society is planning to give a chapel program Friday, March 19. The Wilsonian Society has given one program this semester.

We had two debates last week. On Tuesday of last week the Faxon negative team met Kirksey at Murray. Thursday night our affirmative team met Benton at Faxon.

Following is the schedule of Faxon debate team for the next two weeks:

Tuesday, March 16, at 1 o'clock our affirmative meets Hazel at Murray. The same day at 3 o'clock both Faxon teams meet Murray High there.

Thursday, March 18, at 1 o'clock Faxon negative team will meet the Murray Training School there and at 3 o'clock they will meet Lynn Grove at Murray.

The basketball season is over and we have not started any other athletics. The Cardinals have had a very successful season this year and much to our sorrow five of the first eight players will not get to play with the team next season, four due to graduation and one due to age limit. Of the 19 games played this season Faxon won 11 and lost 8, four of these going to Kirksey. The second semester only Kirksey and Hardin have been able to defeat the Cardinals.

During the first semester New Concord and Almo defeated us by very small scores, but the Cardinals have defeated Almo twice and Concord once since that time.

Following are the games won and lost by the Faxon Cardinals:

YBMC To Ask City for Street Markers

In its regular Monday night meeting at the National Hotel, the Young Business Men's Club appointed a committee to ask the city council to plan some method for marking the city streets with their respective names.

Murray is a town of frequent visitors and has no method of directing people to homes in the various sections of town. This matter has been in question for some time but it is hoped that now there will be some suitable marker erected at each street intersection. Following these street markers it is anticipated that residents will mark their homes with their respective house number.

Serving on the Business Men's Club to meet with the City Council Friday night for a hearing on this matter are Jim Branch, Frank Albert, Stubblefield and Goldie Orr.

Hazel High Sponsors Independent Net Tilt

Prof. Vernon James, of Hazel High School, announced the first of the week that Hazel was sponsoring an independent basketball program this week end. Games begin Thursday night at 7 p. m. The winner of the tournament will receive \$10.00.

Hardy Edwards, M. S. C. will referee the games. Admission each session will be 10 and 15c.

Beginning Thursday at 7 p. m., Concord meets Midway, at 8 p. m. Murray CCC plays Lynn Grove, and at 9 p. m. Hazel meets Almo.

Friday at 7 p. m. Henry will play Hardin, at 8 p. m. Paris meets Murray, at 9 p. m. the winners of the Concord-Midway and CCC-Lynn-Grove games meet. Saturday at 9 a. m. Kirksey meets the winner of the Hazel-Almo game, and at 10 a. m. Providence meets the winner of the Henry-Hardin fracas. At 11 a. m. Cottage Grove meets the winner of the Paris-Murray encounter. Semifinals will be held Saturday afternoon beginning at 2 p. m. with the finals at 8 p. m.

The public is cordially invited to see these independent games as there are numerous stars in the meet.

Work To Begin on Boulevard April 15

Work on the boulevard between the campus and Twelfth and Olive streets will begin April 15 and continue until the completion of the street and its opening for traffic, according to R. E. Broach.

Although the bridge below the Training School in the college loop will be finished, the loop will not be completed for several weeks.

Strength During
MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place.

In such cases, Cardul has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Kentucky, to the highest bidder, at public auction, on Monday, the 22nd day of March, 1937, at 1 o'clock or thereabout (same being county court day), upon a credit of six months the following described property, being and lying in Calloway County, Kentucky, to-wit:

Situated in Lynn Grove, Calloway County, Ky. Beginning sixty (60) poles west of the S. E. corner of the S. W. Qr. of Sec. 34 T. 2 R. 3 East, thence north parallel with Qr. section line seventy-four (74) poles to the State Road (now State Highway No. 94) thence westward with said State Road about fifty (50) poles to a stake; thence south parallel with Qr. Section line thirty-one (31) poles to a rock; thence west parallel with section line eight (8) poles to a

rock; thence south parallel with Qr. section line thirty-two (32) poles to a rock in section line; thence east with section line fifty-eight (58) poles to the point of beginning containing twenty-three (23) acres. And being the same land conveyed to W. H. and May Lawrence by Sallie L. Radford on 11-23-1917 and the said deed is now recorded in Deed Book 40 page 562 in the Calloway County Court Clerk's office.

For the purchase price the purchaser must execute bond with approved securities, bearing legal interest from the day of sale until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms.—George S. Hart, Master Commissioner.

The Murray Woman's Club held the March general meeting Thursday at the home of Mrs. Clete Farmer's with forty-five present.

Mrs. W. J. Caplinger, president, presided. She thanked the members who took such an active part in the flood relief work. Mrs. J. A. Dulaney gave her report and received donations for the "Cancer Prevention" campaign.

The president read a number of important letters both from the State and National presidents.

Mrs. C. S. Lowry extended the invitation of the Alpha Department to the entire club membership for Saturday afternoon the 27th.

An open meeting which is a social event of each spring will be planned by the executive committee.

Mrs. C. S. Lowry presented the nominating committee's slate of officers for 1937-1938. It was unanimously elected. It was as follows: President, Mrs. Joe Lovett.

First Vice-President, Mrs. W. J. Caplinger. Second Vice-President, Mrs. W. H. Mason. Recording Secretary, Mrs. C. L.

Members of the other four departments of the Woman's Club have been invited to hear her.

Mrs. Magruder never lacks for words or phrases of the choicest to tell us interesting bits of history, to paint local beauty, or to lead us into the valleys of deep philosophy. We enjoy daily her columns in the Sun-Democrat and agree with the critics that she has a style all of her own. Easily read and full of wit and wisdom.

The Service Circle of the First Christian church held its regular meeting with Mrs. Harry Broach, West Olive street, Tuesday afternoon, March 16.

The Service Circle was presented to Mrs. Bailey Pitt.

Following the business meeting, a delightful refreshment course was served.

Miss Lavernia Robertson

The entire neighborhood was brought to sorrow Tuesday when the death of Miss Lavernia Robertson who died at 3:30 o'clock Monday afternoon at the Western State Hospital of Hopkinsville, was announced. The remains were brought to the home of Mr. and Mrs. Charlie Carson's to await the funeral services which were held from the Hickory Grove Church of Christ. Burial was in the Miller Graveyard.

Miss Robertson will be greatly missed by her relatives and many friends. She had lived in various parts of the county including Stella and Kirksey. Wherever she went she made many friends because of her sterling character, her ready smile and warm welcome. She had been in failing health for some time but she bore her sufferings with a smile, seldom did her lips murmur a complaint. She was obedient and kind even when her suffering became so great and drew her mind from present surroundings to wandering.

Miss Robertson was a devoted member of the Hickory Grove Church. She was a faithful member and attended the services until her health compelled her to remain home.

"Sleep on Lavernia, you were a dear friend."

But to Jesus, you, we did have to lend.

To the world you've been true, for Jesus you've lived right.

To both friends and relatives you've been a bright and shining light.

Rest on dear Lavernia, and patiently wait for me For I'll see you some day in the

MURRAY HIGH SCHOOL

By Clara Waldrop

On Thursday night, March 11, try-outs for the persons who went out for public speaking, were held at 8:15. The winners were: poetry reading, Eleanor Gatlin; declamation, Rebecca Robertson; public discussion, Clara Waldrop; oration, Paul Lemons. These students will represent Murray High in the interscholastic contests at the college.

On Friday afternoon the Murray High debate teams, both negative and affirmative, met the Hickman teams. The subject for debate was: Resolved that public

utilities should be governmentally owned and operated. Both negative teams won.

On Friday afternoon the Regional basketball tournament opened in the high school gym at 3 p. m. The referee was Bowser Chest and he was very efficient. The winner of the tournament was Pilot Oak from the second district, Graves county. Kirksey, of Calloway county, was runner-up. Chest presented the trophies to Pilot Oak, Kirksey, and Heath. The games were all fast and good. Pilot Oak will go to Lexington to enter the state meet this week.

Will Flora and M. H. Kendall Fleming county, had immediate improvement of sheep after they were vaccinated following an acidosis outbreak.

To Make NEW FRIENDS AND Keep THE OLD

Your telephone is a means of quick personal contact with those friends and relatives whom you do not visit as often as you would like, especially those who live in other cities.

More and more people who are separated by distances are using "long distance" telephone service to keep friendships alive and to maintain family ties. The relief from anxiety and the pleasure of hearing a friendly, cheerful voice, give satisfaction and value which are almost priceless.

Yet the cost of a telephone conversation between friends or relatives who are miles apart is surprisingly low. You can get an idea of the low cost of "long distance" from the lists of cities and rates which you will find in the front of your telephone directory.

If the town you wish to call is not listed in the front of your telephone directory, just ask your "long distance" operator. She will gladly quote rates to any point.

A Permanent Memorial of Lasting Beauty

... is the distinctive desire of each and everyone of us. How much better do we feel when we have erected a suitable and enduring monument of stone at the last resting place of a loved one—a sense of duty well done. And all of us have a feeling of duty neglected as long as a departed loved one's grave remains designated only by a mound of earth.

A Monument for Your Loved One

... should be a stone of lasting quality, one of beauty that will have those qualities that will enable it to remain bright, and inspiring throughout the years. One that is capable of expressing the fine sentiment, love and respect that you have for them.

Every Order an Individual One

We realize that when you go to perform this solemn duty you want your wishes completely obeyed—for it is not an every-day or ordinary obligation. We guarantee that your highest expectations will be fulfilled.

We use only the very best grades of Georgia Marble and Granite, executed by experience and conscientious workmen using the most modern tools.
